CERTIFICATION OF NON-DELIQUENCY ON LOANS OR OTHER ACCOUNTS TO THE  
FEDERAL GOVERNMENT

Except when required by law or approved by the head of a Federal agency, no award of Federal funds shall be made to an applicant who is delinquent on a Federal debt until the delinquent account is made current or satisfactory arrangements are made between affected agencies and the debtor. Examples of Federal debt include delinquent taxes, audit disallowances, and guaranteed and direct student loans. The following are definitions of delinquency and default:

- For direct loans, a debt more than 31 days past due on a scheduled payment to any agency of the Federal Government.
- For grants, recipients of a "Notice of Grants Cost Disallowance" who have not repaid the disallowed amount or who have not resolved the disallowance.
- For guaranteed and insured loans, recipients of a loan guaranteed by the Federal Government that the Federal Government has repurchased from a lender because the borrower breached the loan agreement and is in default.

This certification only applies to the person requesting financial assistance.
